RE: Colorado's Certification of Support for Rural and Non-Rural High Cost Carriers Pursuant to
CC Docket No. 96-45/WC Docket No.10-90, Annual State Certification of Support for Eligible
Telecommunications Carriers Pursuant to 47 C.F.R. § 54.314

Dear Ms. Dortch,

The Colorado telephone companies listed on Attachment A have certified to the Colorado Public Utilities Commission that all federal high cost support provided to rural and non-rural carriers in this state were used only for the provision, maintenance and upgrading of facilities and services for which the support is intended in the preceding calendar year (2011) and the coming calendar year (2013), consistent with § 254 (e) of the Communications Act of 1934, as amended. The Colorado PUC has also certified Lifeline only eligible telecommunications carriers (ETCs).

Attachment A lists rural and non-rural carriers certified by the Colorado PUC pursuant to §§ 54.313 and 54.314 of the Federal Communications Commission's rules (47 C.F.R. §§ 54.313 and 54.314), which require states to establish an annual certification process for rural and non-rural carriers receiving federal high cost support. Attachment A also lists Lifeline only ETCs certified in Colorado. As requested by the Universal Service Administrative Company, the assigned study area code is listed beside each carrier's name.

Questions regarding the annual certifications should be directed to John Scott at (303) 894-2043.

Sincerely,

Doug Dean
Director

for Doug Dean
